BIO

Mariano Santos is one of the **founding pioneers of Argentine electronic music**. With almost four decades of career, his trajectory is defined by a solid artistic identity, authenticity and an unwavering dedication to electronic culture, built on a deep respect for the work of the DJ, artistic discipline and sustained effort over time.

Born in **Lincoln, Argentina**, he has brought his sound to stages all over the world, performing in countries such as Egypt, France, Czech Republic, Poland, Brazil, Bulgaria, Israel, Uruguay, Mexico, Austria, Greece, Turkey, Peru, Hungary, Chile and Colombia.

He is the founder of the record label **Santos Recordings**, and his music has been released on more than 60 international labels in digital, CD and vinyl formats, consolidating an extensive and respected discography within the underground scene.

He was also the creator of the now defunct **Adnalternative**, a radio station that during the 2000s served as a platform for some of the most prominent artists of today\u2019s electronic music scene. He weekly presents his **Mariano Santos Global Radio Show**, broadcast on more than 100 platforms around the world among FM stations, online radios and podcasts.

His style is characterized by a **deep, timeless and technical sound aesthetic**, with a recognizable musical identity that reflects decades of experience in electronic music.
